

## Statement of Faith

- **God**

Is the Creator of this universe. He is equal part Father, Son, and Holy Spirit. His greatest desire is to have a paternal relationship with us.

- **Jesus**

The only way to relationship with God is through His Son, Jesus Christ.

Jesus, through His experience of overcoming a brutal death by his resurrection reconnects us to God as our Father through faith in him, alone.

- **Holy Spirit**

Is fully God, and helps us to live our daily spiritual life; He is God's presence in our lives, revealing and producing regular spiritual growth as evidence of our personal connection to God.

- **Humans**

Mankind was originally created in God's image, but then the first man voluntarily disobeyed and fell from right standing with God. We have all followed in his way of disobedience to God and we all require a salvation from the consequence which is separation from God both now and in eternity.

- **The Bible**

Is the inspired and inerrant word of God and the foundation for all we believe and do.

- **Growth**

It is the will of God that we be cleansed (sanctified) daily, always growing to better reflect the character and love of Jesus in our personal lives.

- **Healing**

God has the power to heal the physically, mentally, and emotionally sick person in answer to the prayer of faith.

- **Christ's Return**

This return is both personal and guaranteed to happen in the future. After Christ returns, ALL of us will stand before God in Heaven and receive eternal life or death.
